

TR Aluminum Mounting Kit For B600, B900, B1100 & B1500 Batteries

PRODUCT DESCRIPTION

TomioKa Racing Battery Mounting Kit is a quick and easy way to mount your light-weight battery! The TR mounting kit is made of 6000 series black anodized aluminum, making it a strong, light weight, and corrosion resistant mount. Each kit comes with all the hardware you need for a quick and easy installation. The only thing you need is a nice flat surface where the self tapping screw can lock the base in!
